EDUCATION

Nanyang Technological University, Singapore
Bachelor of Computer Science (Honours)

Aug 2025 - May 2029

- Bachelor of Computing
- Proficient in Java, Python, C/C++, JavaScript, Data Structures, OOP, REST APIs

St. Andrews' Junior College, Singapore
GCE A-Levels Education

Jan 2021 - Dec 2022

- Proficient in Sciences (Physics and Chemistry), Maths and Economics

PROJECTS

SummerBuild — NTU Campus Sports Pickup App
Developer — Jul 2026

- Built a React Native/Expo app with a team for NTU SummerBuild 2026, letting students find and join pickup sports games on campus.
- Set up the backend from scratch using Supabase, handling auth, data storage, and real time updates.
- Built an NTU court map feature using geolocation so users can find nearby available courts.
- Implemented a full dark mode theming system using React context, plus bottom tab navigation for smooth screen transitions.

Stoxed — Stock & Crypto Telegram Bot
Developer — Personal Project

- Built a Telegram bot using Telegraf and the Claude API to answer stock and crypto related questions in real time.
- Deployed the bot on Railway for continuous uptime and easy updates.
- Discovered committed API credentials in the repo, then rotated both keys and cleaned the git history to remove the exposure.
- Combined interest in fintech and investing with hands on backend development and API integration.

EXPERIENCE

Sushi Express
Service Crew

Jan 2023 - Mar 2023

- Delivered customer service in a high-traffic conveyor-belt restaurant, handling seating, billing, cash, and digital payments.
- Maintained food safety and hygiene standards while managing peak lunch and dinner crowds.

Singapore Armed Forces
Dog Trainer

Aug 2023 - Jan 2025

- Trained new members and dogs as In-Charge and Auxiliary Instructor, running a 2-week course for first-time members.
- Served as Safety Advocate for the platoon, raising welfare concerns to unit commanders and presenting improvement proposals.

CO-CURRICULAR ACTIVITIES AND COMMUNITY SERVICES

St. Andrew's Junior College Class Committee
Saint's Activist

Jan 2021 - Jun 2022

- Elected as Class Committee's Saints Activist, leading peers in planning and executing Service-Learning projects.
- Prepared materials for teachers and coordinated class activities to strengthen bonding and communication.

Marist Digital Media Club
Executive Committee

Jan 2019 - Jun 2020

- Served on the Executive Committee, handling photography and video editing for school events like National Day Parade and the Secondary One Campfire.
- Guided juniors through their concerns while competing against more experienced teams to build resilience.

SKILLS

- Languages: Proficient in English and Chinese
- Digital Skills: Microsoft Office Tools, Python, C/C++, Java, Adobe Premiere Pro
- Technical Skills: React Native, Node.js, Git, REST APIs, OOP

HOBBIES AND INTERESTS

- Sports (Basketball), Gaming and learning about new tech from around the world
